Inside View

1. 4P Molex Power Connector
2. SATA-eSATA Bridge
3. Power Board

eSATA cable

eSATA to USB 3.0 Adapter (Model SESU3CS)

Power Cable

Installation

1. Loosen the two cover screws on the back of the unit found on the left and right edges. Remove the rear cover, then slide the top cover off.
2. Remove the front plate and replace with a 5.25" drive, or a 2.5" or 3.5" device mounted in a 5.25" mounting bracket using the 5.25" drive mounting holes.
3. Reassemble the unit.
4. Connect the power supply from an AC outlet to the back of the unit.
5. Connect an eSATA host to the unit and turn it on. For Model AESU3CS, optionally attach the eSATA-USB 3.0 Adapter to connect the unit to USB host.
